COVER TEXTURE GOLD FOR SAMSUNG GALAXY S5 Mini (SM G800F)

Description

Cover with a high degree of protection.
Equipped with a protruding edge that protects the screen.

The backside of the cover features the classical "dotted" texture of the Galaxy S5 mini series.

The case features a convenient design that allows you to protect your smartphone from bumps and scratches. Moreover, being designed specially in its measurement, allows the use of all ports and control buttons without any problem.

The packaging includes a screen protector with an adhesive that allows you to properly position the film on the screen. Once applied, the film remains firmly fixed on the screen but it is still easy to remove if you want to change it. The film not only helps protect your screen from scratches, but at the same time also reduces the formation of reflexes and facilitates the use of the mobile phone. The cleaning cloth allows you to remove dirt and stains from the screen.
